## Competitive Progression Through the Levels of U.S. Figure Skating

**Singles athletes begin with the Compete USA competitions. Once athletes begin the official U.S. Figure Skating test structure, they can choose to enter the Excel, Well-Balanced or Adult levels as appropriate for their ability, test, level and age. Test requirements are the same for the Excel and Well-Balanced levels. It is completely the choice of the athlete which track to follow; athletes may switch between tracks as best suits their development, but may not enter the same type of event in multiple tracks. Competitive level is determined by highest free skate test passed.**

SKATE UNITED
Skate United competition events parallel standard track events and maintain the same eligibility and program requirements, but are for skaters with physical disabilities who will compete in a separate Skate United group.

## Solo Pattern Dance

### GENERAL EVENT PARAMETERS:

- Levels are based upon the skaters' highest pattern dance test passed
- A solo pattern dance competition event will consist of the skater performing two solo pattern dances
- The patterns to be skated depend upon which quarter of the year the competition is held. The skater will perform the two pattern dances listed for his/her level, based upon the date of the competition. If the competition falls over two quarters (for example, June 30–July 2), the dance will be selected based on the start date of the competition listed in the announcement (in this example, the second quarter).
- Skaters will complete both dances at each level. Dances will be scheduled at the discretion of the chief referee for each competition and may be competed consecutively or with a break in-between pattern dance groupings.
- Skaters with physical disabilities may register for standard track or Skate United Track for events

## **Showcase Events**

Showcase events are open to skaters in the Basic, Free Skate, limited beginner, preliminary and adult bronze levels. Groups will be divided by number of entries and ages if possible. Skaters with physical disabilities may register for standard track or Skate United track. Skaters with intellectual disabilities may register for Special Olympics events. Skaters must enter at the same level as their free skate event or highest test level of skater's in the group ensemble or production number. If a free skate event is not being entered, skaters must enter at their current test level or one level higher.

Show costumes are permitted if they do not touch or drag on the ice. Costuming and make up for showcase programs should enhance the feeling created by the performance and reflect the meaning of the story or theme. Ornaments and hair accessories must be secure. No bobby pins, feathers, hair accessories or anything else that may fall to the ice and be hazardous to the skaters are allowed. (a 0.1 deduction will be taken). Props and scenery must be placed and removed by unaided singles and duet competitors within one minute on and off and by unaided ensemble contestants within two minutes for setup and two minutes for removal. A 0.1 deduction will be assessed by the referee against each judge's mark for every 10 seconds in excess of the time allowed for the performance, for handling props and scenery and for scenery assistance.

Performances will be judged from an entertainment standpoint for theatrical qualities. Technical skating skills and difficulty will not be rewarded as such; however, skating must be the major element of the performance and be of sufficient quality to support the selected theatrical elements. Unintended falls, poorly executed skating elements and obvious loss of control will reduce contestant's marks. Jump difficulty is not rewarded in showcase; therefore jumps, if choreographed, should be performed with style, flow and confidence. Theatrical elements evaluated will include energy, poise, acting, pantomime, eye contact, choreography, form/extension and the use of props and ice. The 6.0 judging system will be used. Deductions will be made for skaters including technical elements not permitted in the event description.

*\* For specific guidelines regarding the conduct of showcase competitions, refer to the nonqualifying showcase guidelines posted on [usfigureskating.org](http://usfigureskating.org).*

## Showcase categories may include:

- Levels can be subdivided or combined, if necessary, depending on entry numbers and event set up to ensure performances are contested as per the guidelines. Example combined events: Character Performance and Comedic Impressions.
- Emotional (formerly Dramatic) Performance: Programs should portray a story, expressing conflict, resolution and/or depth of emotion. Skater should provoke an emotional response with the audience - through related skating movements, gestures **and choreographic processes. The entire spectrum of emotions should be considered when selecting the theme (e.g. love, loss, longing, fulfillment, happiness, melancholy, sadness, etc.).**
  - Lip synching is not permitted.
  - Props and Scenery are permitted.
  - No Technical Limitations.

### *COMPETITION FORMAT:*

**The Organizing Committee must pre-select and edit musical choices appropriate for these events. During the warm-up, skaters will hear the selection of music twice. Following the warm-up, all skaters except for the first skater will be escorted to a soundproof locker room or another area of the arena. The first skater will hear the music one more time and then perform a program to the music. As each skater performs, the next skater in line will be allowed to hear the music for the third time before they perform to the music. The listening skater will not be allowed to view the performing skater.**

**Levels:** Levels should be broken by ability with ages divided appropriately

**Judging Rules:** Skaters are judged on originality, pattern, technical (the ability to include jumps and spins) and music interpretation/ expression. Spins and jumps performed must be appropriate to competition level.

**Time:** Music Duration: Pre-Free Skate – Free Skate 6: 1:00 max. Beginner – Preliminary: 1:00 max

1. Minimum of three to four skaters on a team; each skater will do at least one required element
2. Teams will be directed to find a “base” for their team along the boards on the ice where they will stay for the remainder of the event
3. The announcer, referee or judge-in-charge will call the first element (e.g. jump or stop) to be performed
4. The team member performing the element will step forward and execute the skill, with the element first being performed by the skater on team one, then team two, then team three and so on
5. Once all the teams have had their skaters complete the element, the next element will be called
